## B.S. in Marine Biology and Sustainable Aquaculture

Do you love the ocean, are passionate about the marine environment, and want a rewarding career working by the ocean? As a Marine Biology and Sustainable Aquaculture student, you will learn the biological connections between the world's oceans, the promise and future of the aquaculture industry, and how we can all contribute to a sustainable marine environment.

As a Marine Biology and Sustainable Aquaculture major, you will gain the knowledge and skills to work as an ichthyologist, marine mammalogist, microbiologist, fishery biologist, or biological technician. Learn about organisms found in the world's coral reefs, arctic sea ice, or deep-sea thermal vents. Work directly with the cultivation and harvesting of aquatic resources for food. Pursue further education in biology, oceanography, aquatic science, or fisheries.
