## B.S. in Animal Science

The Unity College B.S. in Animal Science prepares students to apply animal biology, chemistry, physiology, nutrition, and behavior to the study of animal breeding and genetics, nutrition, physiology, growth, behavior, and management.

The curriculum can be applied to a great variety of species, from farm animals to pets. The animal science major provides excellent preparation for students who wish to find positions immediately upon graduation, as well as those who plan to enter graduate or professional schools to obtain advanced degrees. With three concentrations, students can focus on areas of animal husbandry that best fit their career goals:

Companion Animal Care and Training

Sustainable Livestock Management

Equine Science and Management

## Job Outcomes

	<b>% Growth*</b>	<b>Salary**</b>
Livestock Manager	+6%	\$50,000
Companion Animal Director	+10%	\$55,000
Animal Husbandry and Science Technician	+7%	\$40,000
