

# B.S. ENVIRONMENTAL SCIENCE

## Nationally Recognized Program

Prepare for a greener, brighter future at one of the nation's leading environmental science colleges. Environmental Science students will build knowledge and skills related to ecosystems, natural resources, human behavior, and social systems. Students will analyze and evaluate solutions to current problems such as developing a sustainable regional food system, meeting growing needs for energy globally, and obtaining raw materials in ways that protect local ecosystems and respect indigenous cultures. Also, students prepare to work collaboratively with stakeholders to address environmental challenges in diverse settings.

## Courses that Make the Difference

Graduates distinguish themselves in their strong preparation within the sciences, their career-relevant coursework, and their commitment to making a difference.

## KEY COURSES

- + Population & Community Ecology
- + Dendrology
- + Environmental Issues & Insights

# UNITY COLLEGE ENVIRONMENTAL SCIENCE

TURN YOUR LOVE  
OF NATURE INTO A  
REWARDING CAREER

Earn up to 6 credits every 5 weeks! Start your career while still earning your degree!

8 START  
DATES

Eight start dates so you can start courses year-round, based on your individual preferences and schedule.

COST  
EFFECTIVE

Unity College undergraduate tuition and fees are so affordable, they rival the cost of attending a public school.

5 WEEK  
TERMS

Environmental Science students take a maximum of two courses per five-week term. One course (3 credits) is full-time for financial aid purposes.

CAREER  
READY

The ENV SCI program provides career-relevant classes that set our students apart, and our schedule flexibility means that you can accept your dream job while still completing your degree.

FINANCIAL  
AID

Students who take just one class (3 credits) per term can apply for financial aid. Our dedicated recruiters and coaches guide students through the process.

FLEXIBLE  
LEARNING

With Hybrid Learning, you can control your pace of study and manage costs of attendance.
