

TEXTBOOK

Information

Unity Environmental University does not sell textbooks through the Campus Store. Students will need to make arrangements to purchase or rent their books from an online vendor using the ISBN# provided in their course syllabus in Canvas.

Required book/material information, including ISBN, can also be located in the CAMS Student Portal by selecting "Current term" at the top left and "Course Offering" from the left menu (courses are listed in alphabetical order). Since more than half of our courses use open resources, oftentimes, materials are provided within the course and are free to the student.

The screenshot displays the Unity Environmental University Student Portal. The top navigation bar includes the college logo, the name "AMERICA'S ENVIRONMENTAL COLLEGE", and the "STUDENT PORTAL" title. The user's name and ID are shown, along with the current term "DE/HL-3-Aug (Change)". A left-hand menu lists various services, with "Course Offering" highlighted. The main content area shows a list of course offerings for "ANIMAL HUSBANDRY AND GENETICS" and "ANIMAL COMPARATIVE ANATOMY". Each course entry includes a "Book List" button and a table of book details.
